

Welcome to the open enrollment instructor-led web-based E3.series Database training! This training will be provided through a series of webinars. Details on this training are below.

Class Date/Time:

December 07-08, 2021

12:00pm - 3:00pm ET

Pricing: \$250 per person

Course Instructor:

Laura Mirto

laura.mirto@zukenusa.com

What you will learn: Learn the basics of the E3.series Database Editor. Learn how to create symbols and components, and how to add customization to your database with the configuration options.

Agenda:

E3.series Database Editor Overview

- Creating:

--- Symbols

--- Simple components

--- Connectors with their mating connectors, cavity parts, views, and documentation graphics

--- Cables

--- Single wires (wire groups)

--- Terminals

--- Predefined subcircuits

--- Sheet formats

--- Special Symbols

- Maintaining

--- Attribute tables

--- Sheet text tables

--- Color tables

--- Cross-section tables

Why attend?

This class will help participants understand how to use the basic functions of the E³.series Database Editor. You will learn how to create basic symbols and components for E3.series. Additionally, learn about how to make database configuration changes.

Who should attend?

Anyone that is going to be using E³.series. This module is great for new users and experienced users looking for a refresher.

Zuken will provide:

- The software for installation if you don't already have it installed
- You will receive an email with download links
- A temporary license file
- A reminder email one week prior to the class with download links to Training data and manuals.

The student will need:

- A computer and mouse to run the software
- Software must be installed on the student's computer prior to the start of the class.
- An internet connection
- We also recommend a headset with a microphone

Disclaimers:

- Zuken reserves the right to cancel or reschedule the training if the minimum number of students registered is not met. If the class is canceled or rescheduled refunds will be offered to registrants. Alternatively, registrants can choose to receive credits for future classes.

- A student can cancel up to 1 week prior to the start of the class and receive a full refund. If the student cancels less than 1 week in advance of the class start then a credit will be offered for future classes.

- If the student is a No show for the class, no refund will be available.

- WEB-Training restrictions: You may NOT:
 1. Share your user account and password with anyone
 2. Record any aspect of this training course
 3. Project, or share in any way, this WEB-training course to an audience

If you have any questions before the class, please feel free to contact our Zuken team.
